1. Project Proposal – Please describe the resource concern, what will be done & who will do the work. *(additional space on reverse side if needed)*

Pipe an irrigation ditch to supply water to a pond. Neighbor says water has consistently leaked for years from the open ditch onto his property. The leaking ditch causes water loss out of the Juniper Flat District Improvement Company water system.

2. Describe how this project will address the resource concern or provide an overall benefit that this project will provide to the watershed.

The ditch company and tenant will provide some of the labor and equipment to repair the ditch and pipe from the ditch to the pond to eliminate water loss and minimize runoff onto the neighbors property, as well as fix the headgate where the water is diverted.

Estimated Total Cost: \$ 17,400

Project Start Date: October, 2026

Amount Requested: \$ 7,500

Completion Date: Spring, 2027

(50%, UP TO \$7,500) Budget space is provided on reverse side
