Address _____

Phone & Email _____

PROJECT DESCRIPTION Please include a detailed map of the project area, photos and budget to summarize expenses.

12 Digit HUC: 170701050404 SWCD LRP Priority Ranking# _____

NRCS Practice Code: 390 NRCS Practice: Cover Crop/mulching

Is this project Ag Water Quality Related? NO ODA Management Area: LD

Is this project part of a Farm Bill program or receiving any other Cost Share? YES or NO

1. Project Proposal – Please describe the resource concern, what will be done & who will do the work. (additional space on reverse side if needed)
-This project will consist of us removing about 10 acres of cherry trees. The trees will be pulled and a chipping contractor will grind our trees into usable bark/wood chips. The trees will be removed by dahle orchards employees with the use of excavators.

2. Describe how this project will address the resource concern or provide an overall benefit that this project will provide to the watershed.
-By us chipping our removed cherry trees it allows us to reuse a resource and provides better moisture retention in our soil. This allows us to not have to burn our removed orchard trees, creating less of a carbon footprint for environment and watershed.

Estimated Total Cost: \$ 20000 Project Start Date: 8/1/2026
Amount Requested: \$ 7500 Completion Date: 12/31, 2026
(50%, UP TO \$7,500) Budget space is provided on reverse side
